

Activity	Task	Resp	Status	Deadline
Organize team	Add Mike McHugh to team contact list (Lucinda-->EEM) to represent Watershed group (also SM team)	Gali	In progress	4/1/2010
	Create new online meetings for both Thursday meetings, update online calendar	Gali	Ready to start	3/19/2010
	Reserve room at BLM 4/5, 1 - 3pm	Jeff K	Ready to start	3/19/2010
Mapping: Roundtable	Ask Abby Cox who should be liaison to Roundtable from CBBC once nonprofit and Jeff can't do it	Gali	Ready to start	4/1/2010
	Upload 2006 GIS layers to Roundtable online file folder	Gali	Upcoming	3/26/2010
	Update CFLR map with 2009 bark beetle aerial survey if needed (or desired)	Jeff K	Upcoming	3/26/2010
Mapping: NFRMPB WG	Ask ET if we want to restrict the RT map to forests only or include all fuels (1.5m acres forests or 2.1 m acres fuels)	Gali	Ready to start	4/1/2010
	check how different results are between using Jan's veg layer and the one created by remote sensing	Jeff K	Ready to start	4/1/2010
	Ask NFRMPBWG if we can add a 5th map to the overlay: 2009 aerial survey showing infested and susceptible areas	Hal	Ready to start	2/28/2010
Mapping: overlap	Give Jeff the updated Watershed map	Hal	In progress	2/11/2010
	Add wilderness and roadless outlines to map; try to split out if possible (different color outlines)	Jeff K	Ready to start	4/1/2010
	Send Jeff K data for telecom towers	Gali	Ready to start	4/1/2010
	Send Jeff K template for waterfall chart	Gali	Ready to start	3/19/2010
	Send Jeff K template for final overlap chart	Gali	Ready to start	3/19/2010
	Fill in Gali's waterfall chart to show how acres fell out at each filter	Jeff K	Ready to start	4/1/2010
	Change titles on all maps to "Front Range Roundtable" (take out Fuels)	Jeff K	Ready to start	4/1/2010
	Add to maps that CWPP and other info is as of Dec. 2009	Jeff K	Ready to start	4/1/2010
	Add areas susceptible to MPB to outbreak map (different color)	Jeff K	Ready to start	4/1/2010
	Send updated PSI treatment data to Jeff and Hal (more than Hal has)	Aaron	Ready to start	3/20/2010
	Send Jeff K footnote for watershed map re: how 5 = worst in a local watershed but may be less critical than a 3 or a 4 in another watershed (cross-watershed comparisons not made)	Mike M	Ready to start	4/1/2010
	Add missing BLM shapefiles from Boulder (treated acres?)	Jeff K	Ready to start	4/1/2010
	Look at the Pinchot report to see if that is the source of the blue watershed map that Jeff showed that covered most of the Front Range	Hal	Ready to start	4/1/2010
	If Hal can't find out what the blue watershed map is, ask Brian Banks what his map of watersheds in blue means (covers most of Front Range)	Jeff K	Upcoming	4/1/2010
	Schedule meeting re: the watersheds data with Mike M, Brad P, Don K, Dave H, Jeff K, and maybe John Duggan	Mike M	Ready to start	3/19/2010
Meet with watershed team to finalize watershed layer	Jeff K	Ready to start	4/1/2010	
If not resolved at meeting, follow up with Brad Peale on why Upper Colorado data has no final #'s	Jeff K	Ready to start	4/1/2010	
If not resolved at meeting, Check with Brad Peale about missing zones of concern in Pike, Blue, Arkansas, St. Vrain	Jeff K	Ready to start	4/1/2010	
Schedule meeting for Hal, Scott, Jeff & Fern (use 3/25 at 1pm?)	Scott	Ready to start	3/19/2010	
Invite Elise B to meeting re: CSFS data	Hal	Upcoming	3/19/2010	
Find out from CSFS (Christina Ferner-->Fern) why data showing on webdet as completed is not showing up on CSFS's pdf maps of completed areas	Hal	Upcoming	4/1/2010	
Send monitoring maps back out to each source to verify accuracy	Hal	Upcoming	4/15/2010	
Work with data sources to fix 144 polygons with problems	Hal	Upcoming	4/15/2010	
Write methodology / sources for overlap map	Jeff K	Upcoming	5/1/2010
