

Join SRP, event partners and government and business leaders at the "Healthy Forests, Vibrant Economy" Conference.

This two-day conference will explore:

- The threat that Arizona's fire-prone forests pose to state resources including water supplies, tourism, and community development.
- Opportunities and benefits of public/private restoration partnerships.
- Policy and industry barriers and solutions.
- Accomplishments of ongoing restoration efforts across Arizona.

There is no cost to attend. The [complete agenda and hotel information](#) are available online.

Please register by October 3. Space is limited.
